

Ball-pein Hammer

- Heads die forged, ball peins and faces ground, with wood handles
- Ball end used for riveting and poll used for normal striking
- Genuine US hickory wood handle
- Meets ANSI standards.
- Handle 25% longer in 16-32oz sizes for better balance and control.

Brass Hammer

- The sledge Brass heads provide a firm positive blow without the risk of damage to expensive components.
- Fitted with a flexible fiberglass reinforced plastic handle for better shock reduction.
- Ideal for positive blows on highly finished or closely ground machined parts throughout the aircraft, automotive and shipping industries.

CODE	Size Lb	Length mm	Weight kg	Std Pack

Copper Hammer

- Copper faces to provide the weight for the blow.
- Copper faces prevent damage to expensive machined sub components and assemblies.
- Ideal where a heavy blow is required combined with a relatively small striking area.
- Copper faces are designed to wear .
- Used as a general-purpose soft-faced hammer in automotive and general engineering for assembly, repair and maintenance.
- Flexible fiberglass reinforced plastic handle (FRP) for better shock reduction.

Dead Blow Hammer

- Slimline model offers unique profile for assembly and repair applications in confined areas.
- Plastic-Cast construction of non-ferrous materials eliminates sparking and won't absorb liquids.
- No exposed metal on face, head or shaft.
- Dead blow function eliminates bounce back when striking hardened surfaces.
- Steel reinforced handle provides strength and resists breaking on overstrike.

Wood Chisel

- Ideal for detailed woodworking and small workshop projects, this wood chisel will get the job done right.
- Constructed from drop forged, heated treated alloy steel, the chisel is built to last and stay sharp. The precision-machined blade and beveled cutting edge ensures smooth cuts. The blades are protected and lubricated by a lacquer coated finish.
- It has a contoured, high-impact handle.
- Chisel size is etched on and easy to read.
- Safely store the chisel using the included blade guard.
